

## DISCLAIMER SIIG

Input and output data displayed and downloaded on this information system (so-called SIIG) may only be used in compliance with statements in the " Agreement between Piedmont Region - Lombardy Region - Autonomous Province of Bolzano - Canton Ticino for management of outputs resulting from strategic Project DESTINATION (iT-CH cross-border co-operation Programme 2007-2013) implementation, in order to achieve a better management of risks related to accidents involving vehicles transporting dangerous goods, enhancing territory, citizens and safety officers", with specific reference to Articles 6 and 15, reported in the following.

### Article 6

#### *(Use of SIIG data and products)*

*1 Data collected in SIIG - SIIG input data, arising either by direct detection tools (gate / OBU) or through indirect ingestion processes from Data Storage and Processing Systems (SAED) managed by Agreeing Governments - and in Front End Hub mentioned in Article 3, paragraph 2, as well as all products and intangible assets - maps, reports and other documentary materials resulting from SIIG both through direct use of SIIG functionalities and through further SIIG output processing - can be used for institutional purposes, for setting up reports and publications, and in the context of administrative proceedings.*

*2 Infrastructure managers of transport networks in which gates are located can use data, products and intangible assets referred to in paragraph 1 for corporate purposes.*

*3 For data usages other than those mentioned in paragraphs 1 and 2, it's needed prior consent of the Agreeing Governments whose territory data belong.*

*4 For usage of data, products and intangible assets mentioned in paragraph 1, it's needed to state assource "Strategic Project DESTINATION. Cross Border Cooperation Programme 2007-2013 IT-CH". All subjects, except the Agreeing Governments, shall also notify data usage to Agreeing Governments.*

*5 Data collected in SIIG and in Front End Hub are not subject to validation processes by Agreeing Governments. Therefore, each Administration is unbound by all responsibilities concerning direct and indirect consequences arising from any information usage. Metadata, if available, describe data features."*

### Article 15

#### *(Communications)*

*1 Any communication mentioned in this Convention shall be adressed:*

*for Piedmont Region to [ambiente@cert.regione.piemonte.it](mailto:ambiente@cert.regione.piemonte.it);*

*for Lombardy Region to [ambiente@pec.regione.lombardia.it](mailto:ambiente@pec.regione.lombardia.it);*

*for Autonomous Province of Bolzano to [protezionecivile.zivilschutz@pec.prov.bz.it](mailto:protezionecivile.zivilschutz@pec.prov.bz.it)*

*for Canton Ticino to [davide.scerpella@ti.ch](mailto:davide.scerpella@ti.ch)*

*2 Any change of the addresses mentioned in paragraph 1 shall be promptly communicated to other Agreeing Governments and brought to the attention of SIIG users, adopting the most appropriate tools."*

*In addition, the same data on the territory of the Autonomous Region of Valle d'Aosta may only be used in accordance with Regional Administration copyright, Law no. 633 of April 22, 1941 "Protection of copyright and other rights related to its operation", and therefore "it is prohibited their copy and / or reproduction, in any form, their marketing and / or sale to third parties, even if data have been partially reworked".*

Finally, the following table shows the copyright licenses, if defined, used for the various SIIG data sources.
